

## THE FALLEN STATE VERSUS THE BORN-AGAIN STATE SPIRITUAL WARFARE

The powers of this world, the darkness that all is led and controlled by, sets outside forces through people, the body and the soul realm of man against the born-again Spirit of man.

Man has to give up all of himself to become the new man the indwelling Spirit will create.

Without the death of self there can be no born-again state.

The light of life replaces the darkness of death, doubt, unbelief and fear that came with birth from Satan and this world of his.

The spiritual warfare within the believer is a continuous ongoing conflict and confrontation that becomes at times very intense. The believer has to realise that their entire person must be surrendered to Jesus for complete death to occur to their carnal nature if they are to have the spirit-filled life with Christ and walk in that state of divine love that only true believers can. When the entire soul realm is given over to the Spirit, the person is only then set free from Satan.

God dwells and operates His Kingdom through the indwelling born again Spirit working outwards to renew the mind, regenerate the soul and heal the body of the believer. This is where the Lord speaks and all activity from the Holy Spirit is begun here, working outwards to overcome and destroy the works of Satan.

Satan, the god of fallen man, operates from outside the body, inside the body and the soul realm of man to suppress, steal, kill and destroy the indwelling spirit, through circumstances, people, body and the soul; as well as to control man's will and keep it in subjection to the darkness of the fallen state of rebellion.
